Commerce Science Announces New Agreement

Leading e-commerce provider set to work with Gill Podiatry Supply and Equipment

ATLANTA, GA (February 2011) – Commerce Science Corporation, a leading provider of e-commerce service software solutions, is pleased to announce the signing of a new service agreement with Gill Podiatry Supply and Equipment Company. Commerce Science Corporation's responsibilities will include launching a nationwide platform for the distribution company to establish thousands of eStores for independent distributors, selling podiatric supplies, equipment, etc. in their respective regions.

Bob Helmer, the President of Commerce Science Corporation, expresses his enthusiasm on the new relationship with Gill Podiatry Supply and Equipment Company. "We are very excited about the opportunity to work with such an established, family-owned company in Gill Podiatry. This partnership has the ability to change the medical distribution field exponentially and we look forward to the collaboration."

"Gill is very excited to be working with Commerce Science and very excited to be able to offer our customers the most up to date e-commerce solution", says Ric Boggs, President of Gill Podiatry.

Gill Podiatry Supply and Equipment Company have been serving the podiatry profession, since 1932. As a family owned and operated business, Gill Podiatry strives to be the best source of providing quality supplies, equipment and instruments to the Podiatric market at competitive prices with the finest level of personalized service.
